COOKIES POLICY

By visiting the [FMS.capital](https://www.fms.capital) website, Financial Market Services Ltd. (hereinafter the “Company”) collects directly through cookies server logs or similar technology, personal data from your browser (including your IP address and preferences) and anonymous statistical data, data on the use of the website.

This policy is intended to inform you about the cookies and technologies and how to control and restrict their use.

What are cookies and why we need them?

A cookie is a small text file downloaded to an end device (such as a computer or smartphone) when a user accesses a website. It allows the site to function properly, to recognise the user's device and store some information about the user's preferences or past actions (e.g. language selection, font size, login, etc.) that are stored for a certain period of time so that you do not have to input this information again.

When loading the [FMS.capital](https://www.fms.capital) website and when viewing its content, cookies are used, which allow its proper functioning, as well as the collection of summarised information for statistical purposes.

How to control the cookies?

To be able to control the cookies used on our website, you need to set up your browser. How you do this depends on the browser you use and its settings: For Google Chrome click [here](#), for Mozilla click [here](#), for Internet Explorer click [here](#).

Through the above method, you can control and/or delete cookies whenever you wish. You can delete all cookies that are already stored on your computer, and you can also set most browsers to block them in the future.

However, if you do this, you may need to manually adjust some settings every time you visit a site, and some services and features may not work, incl. our website may not download.

What kind of cookies do we use?

As you visit our website, we may place cookies in your browser. The cookies coming from our website are known as First Party Cookies and are primarily intended to store information and identify the user's session, to manage the user's session on the website. Their use is related to:

- Possible and easy login to your user profile;

- Ensuring the security of the site;
- Statistical analysis of attendance.

Without this type of technology, our portal and the service we provide to you could not operate in full capabilities and functionalities.

Among the cookies used by our website are the so-called session cookies – temporary cookie files that are deleted when the browser is closed. When the browser is restarted and the user returns to the website that created this cookie, the website will treat the user as a new user.

Other cookies we use come from third parties and are called Third Party Cookies. Cookies like that are:

- Cookies for analysis and statistics: These cookies help us analyse the use of the site and track the effectiveness of the service and its communication.
- We use Google Analytics to evaluate how users interact with the website. The analysis tool allows us to determine whether you have viewed a particular page and how much time you have spent on the website.
